

Welcome VCU Students

VCU Division of Student Affairs encourages self-expression, meaningful contributions, and becoming involved. We want your VCU experience to be safe, healthy, and positive. Here are a few ways you can become an active participant in the VCU community.

Be engaged

Join the conversation inside and outside the classroom. Learn about and discuss current events that have an impact in our community, region, and country.

Get involved

At VCU there are opportunities around every corner. With more than 500 student organizations to choose from, every VCU Ram can find a home. Numerous leadership opportunities are available through various departments. Connect with them to find out how to get involved.

Practice civility and citizenship

Embrace our community by respecting those around you. VCU strives to ensure that everyone, from every background, is respected and can succeed. Achieving this goal is everyone's responsibility.
